

Intro to Project Sales

1. In the list below, write Starter next to the project starter.
2. In the list below, label the Project Killer with an "X".
3. In addition to the Project Starter, there are four other basic parts of a project: Prep products, tools and supplies, safety products and clean-up products. In the blank, write which part of the project you think best describes that item: Prep, Tools, Safety or Clean-up.
